- Foundation: Honouring Eva Foundation as deposited at the Dutch Chamber of Commerce, nr. 09215884, and all its legal representatives.
- Loan: Financial aid provided by the Foundation. Loans must be repaid. Repayments can start any time but at latest two years after ending the training. This two year period is free of interest. After this period, a market level interest is charged.
- Scholarship: Financial aid provided by the Foundation. Scholarships do not have to be repaid.
- End of training: Date at which the student finishes or ends the training.
- In specific situations the student and the Foundation can make a different agreement. This is only legitimate with written confirmation by the Foundation.

### Application Criteria

- Applicants apply for loans or scholarships only when absolutely necessary.
- The maximum loan or scholarship amount is the tuition fee. All other training expenses like therapeutic sessions, accommodation, books, workshops etc. are never part of the financial aid.
- Applicants have to find their own avenues for financing their tuition as much as possible.
- Loans and scholarships are granted on an annual basis. Students may apply more than once and/or in multiple years. For each study year, a new application must be submitted.
- Loan and scholarship grants depend upon the level of available funds.
- Financial aid for the first two years of the training can either be a loan or a scholarship. For the last two years of the training, rule of thumb is that only loans are granted.

- The Foundation will process your application only after your training enrolment has been completed.
- All information provided is strictly confidential and only reviewed by the Board.
